- B.com

Intermediate

Sacred Heart Convent School, Padra Rewa
Madhya Pradesh

04/2018 - 04/2019

Rewa, Overall CGPA 7.8

High School

Sacred Heart Convent School, Padra Rewa
Madhya Pradesh

04/2017 - 04/2018

Rewa, Overall CGPA 7.0

WORK EXPERIENCE

SDE Training

Sharpener Tech

03/2023 - Present

Work From home

Achievements/Tasks

- Joined a Full Stack Developer training
- Learnt DSA with java, OOP'S
- Frontend Technologies like : HTML, CSS, JavaScript
- Backend Technologies like : Node.js, Express.js
- Database like : DBMS, MYSQL

SKILLS

Core java

Advance DSA

OOPS

SQL

DBMS

HTML

CSS

Java Script

Bootstrap

Node Js

Express Js

PERSONAL PROJECTS

Ecommerce Product

- Developed a comprehensive e-commerce product website from scratch, leveraging HTML, CSS, JavaScript, and Bootstrap for the frontend design and interactivity platform.
- Implemented Node.js and Express.js on the backend to handle server-side logic and API endpoints.
- Utilized MySQL as the database to efficiently manage and store product data.
- Employed EJS as the templating engine for seamless data rendering, resulting in a fully functional and responsive e-commerce.

Booking Appointment

- I Designed and developed a sophisticated booking appointment application using HTML, CSS, and JavaScript
- Leveraged Axios and CRUD CRUD to seamlessly handle API interactions and data management
- while implementing modern async/await techniques for efficient asynchronous operations

Dynamic Todo-List

- I Developed a dynamic todo-list application using HTML, CSS, and JavaScript, enabling efficient task management.
- with features for adding, editing, and marking tasks as complete.

ACHIEVEMENTS

Problems Solved

solved more than 250+ DSA Problems on GeeksForGeeks and LeetCode
